

## FACILITY PROGRAMMING AND SPACE PLANNING

### MASTER PLAN

# Rhode Island Training School for Youth

Cranston, RI

Rhode Island will replace its sole training school with a new facility designed to maximize the potential of all youth residing in the facility by providing them with a safe and nurturing environment. The new Training school will reach this goal through a continuum of services and by implementation of a resocialization model in the facility.

The master plan development for the project required detailed surveys, individual interviews and workshops with each department as well as helping the client to make a series of policy decisions. Services provided included:

- Functional Narrative
- Operational Space program
- Scenario Development
- Adjacency Diagrams
- Staffing analysis
- Design reviews
